

## 结构型系列铆栓 Loktainer®

<p>产品 Product</p>	
<p>材料 Material</p>	<p>钢 Steel, 铝 Alu,</p>
<p>尺寸范围(mm) Grip Range</p>	<p>From 11.4mm upto 36.5mm</p>

The Loktainer fasteners is designed to meet the special need of composite material, those fasteners install with a consistent pressure that reduces the potential for crushing or crazing the panel. It is used for the commercial vehicle body building industry application.

### 尺寸 Sizes:

- Dia 10mm

### 材料 Materials:

- 铝合金 Aluminium
- 碳钢 Steel ( Zinc plated )

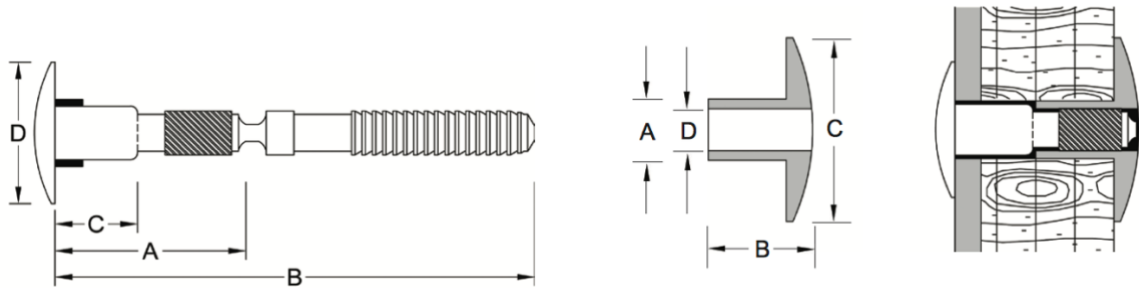

### 头类型 Head Styles:

- 盘头 Low profile

### 主要特性和优点 Key Features & Benefits:

- 对应于高强度安装要求的高抗剪和抗拉强度  
Exceptional shear and tensile strength
- 高强度受控铆接提供了卓越的抗振动性  
Offers High Strength, anti-vibration to wide range of applications
- 快速安装，针对大范围的应用  
High speed assembly for wide range of applications
- 对于专用安装工具的全面性  
Easy adapt to Avdel & Huck tools
